LEADING EUROPE TO A BATTERY POWERED FUTURE

Our unique patented 56V ARC Lithium™ batteries are designed to maximise performance. Boasting the outdoor tool industry's highest energy capacity in a portable battery, they last longer and charge quickly. Each battery is interchangeable across the entire EGO cordless range – delivering optimum power and performance for every tool and every job.

Batteries designed to be better.

Our battery's unique ARC-shaped design and KeepCool™ Technology work together to lower temperature and prevent overheating and shutdowns. Each battery's intelligent power management system works hand-in-hand with all tools to ensure the very best power, performance and run time. EGO's superior battery technology really does deliver power beyond belief.

Experts in battery technology.

Our industry-leading innovation stems from a talented team of over 400 highly qualified technicians. Their expertise is the driving force behind our future-focused research and development, and our award-winning range of outdoor cordless products.

Experts in tool technology.

Our dedication to innovation doesn't stop with our battery. We listen to our users and have developed world-first patented tool technologies that answer some of the biggest user pain points in the industry, such as Line IQ™ Technology, Peak Power™ Performance and Powerload™ Technology.

SMARTER, GREENER WAYS TO WORK OUTDOORS

At EGO, we think beyond performance. Our experts are relentless in their drive to innovate tools for a better world. EGO's 56V ARC Lithium™ batteries not only outperform fuel, they are better for the environment.

Petrol-powered outdoor tools produce more nitric oxide, nitrogen dioxide and carbon dioxide than car engines. With zero toxic emissions in use, EGO power tools are cleaner, quieter, and safer. Without the need for fossil fuel, they are also cheaper to run and maintain. Our cordless tools are designed with smart features that pose no risk to users' health and are comfortable to use for prolonged periods.

Influencing change through innovation.

We're a leading manufacturer working at the forefront of transformative technology, yet our desire to create a greener future isn't limited to the products we develop. It pervades the ways we operate and the places we work, as well as the relationships we have with our customers and partners. Read more about our Challenge2025 initiative on page 110.

Our results speak for themselves.
97% of EGO customers recommend our products and our average product rating is **4.6 out of 5 stars**.*

A BATTERY DESIGNED LIKE NO OTHER

EGO's unique patented 56V ARC Lithium™ battery delivers the industry's highest energy capacity.

Our team of experts has revolutionised battery technology to deliver the optimum power and performance for outdoor cordless tools. EGO's 56V batteries deliver more usable power than any other portable battery. The eight batteries in our range can be used flexibly with each one of our cordless tools.

Key to its performance is the battery's intelligent design.

The innovative ARC shape of our 56V battery increases surface area, placing the battery cells close to the surface to maximise cooling and prevent overheating. Each battery cell is surrounded by EGO's unique KeepCool™ Technology, designed to absorb heat energy and keep the cells at their optimum temperature for longer run times. Software and microprocessors monitor and optimise each cell to deliver the best power and performance for every job.

Super fast recharge.

Our commitment to innovation not only delivers the industry's highest energy capacity in a portable battery. It also means that when it's time to recharge, the EGO Power+ 56V ARC Lithium™ battery is one of the quickest around.

For more information on how EGO Power+ batteries work, and what makes them so revolutionary, download the Battery FAQ document on our website.

egopowerplus.co.uk/FAQdownload

EGO POWER+ ARC LITHIUM™ BATTERY, DESIGNED TO MAXIMISE PERFORMANCE

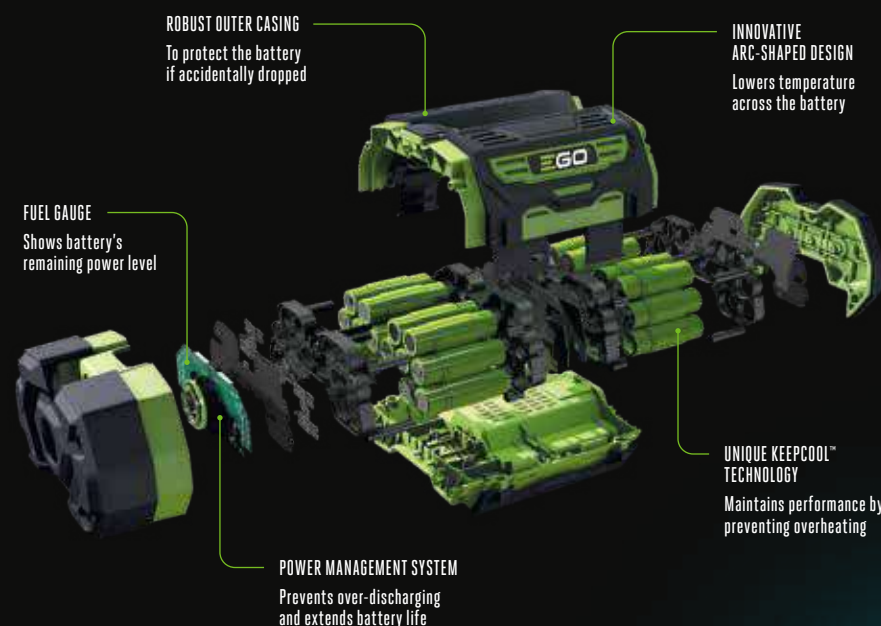

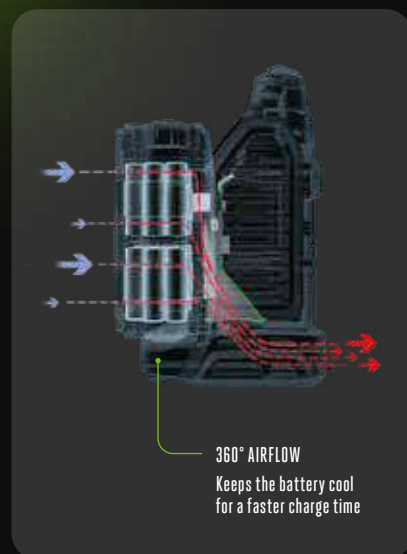

The patented 56V ARC Lithium™ battery doesn't just manage heat, it maximises cooling.

A battery gets hotter the longer it's used. The more power it generates, the more heat is released. Too much heat and the battery will shut down for safety. Heat also degrades cells over time, reducing battery life. That's why batteries must be cooled effectively to increase performance, run time and battery life.

Our batteries have been designed to cool effectively in three innovative ways: mechanically, chemically and electronically.

Unique ARC design.

Unlike conventional brick-shaped batteries where the cells are packed together, the ARC shaped design increases surface area, places the cells close to the surface and fits onto the outside of EGO tools. This dissipates heat more effectively, preventing overheating and shut-downs.

INCREASED SURFACE AREA

The battery ARC shape has been carefully designed to optimise cooling and reduce overheating. Unlike "brick shaped" batteries, the individual battery cells are positioned adjacent to the external housing so heat can be easily transferred away from the cells.

KEEPCOOL™ TECHNOLOGY

It's not just the innovative ARC design that helps prevent overheating. The battery has another clever way to keep cool. Each and every cell is surrounded by our unique KeepCool™ phase change material that absorbs heat energy and keeps individual cells at their optimum temperature for longer run times.

INTELLIGENT POWER

Power is nothing without control. It's why the EGO Power+ 56V ARC Lithium™ battery is continuously controlled by software and microprocessors within the battery and by the tools' intelligent power management systems. These constantly monitor and optimise each individual cell, to deliver the very best power, performance and run time.

EXTERIOR MOUNTED BATTERY

Unlike other manufacturers, EGO batteries fit onto the outside of the tools and are not encased within the tool, which means they stay cool to deliver longer lasting power. To keep them safe and sound, the electronics are protected from dust and moisture by a resin coating and the cells are packaged in a robust case that absorbs shocks and vibrations.

ANY BATTERY, ANY TOOL

Our industry-leading 56V ARC Lithium™ batteries work with all EGO Power+ tools, even our Professional-X range. With great performance and long run times, simply select your tool, click in and go.

THE POWER TO OUTPERFORM PETROL

Introducing the innovative EGO Power+ system from the cordless specialists. EGO Power+ delivers petrol-matching power without noise, fuss, or emissions.

Our industry-leading 56V ARC Lithium™ battery technology offers a new level of performance, giving you the power you need to keep working hard until the job's done. With impressive run times and fast recharge, there's no need to purchase or store highly flammable fuel. Instead, you get the freedom to work emission-free. For total flexibility, all of EGO's 56V ARC Lithium™ batteries fit every tool in the EGO Power+ 56V range.* Just click in the battery and you're ready to go. When you try this revolutionary cordless system you'll never look back.

The support of our service dealer network.

EGO approved service dealers can help you select the most suitable tools for your needs, give you face-to-face advice and provide a diagnostic service to keep your tools running for years to come. With a nationwide network of EGO approved service dealers, you're never too far from the support you need.

Industry-leading warranties.

Domestic user

For domestic users we offer a 5-year warranty on all tools and a 3-year warranty on batteries, when registered within 30 days of purchase.**

Professional user

We offer professional users a 3-year warranty on the Professional-X range, and a 2-year warranty on the Professional range when tools are registered within 30 days of purchase.**

SWITCH TODAY

The EGO Power+ system outperforms petrol without any of the downsides. It's simpler, cleaner, quieter - and with less vibrations, more comfortable to use. Lower running and maintenance costs means switching to EGO Power+ leads to long-term savings too. Its cutting-edge battery technology delivers optimum power and performance for every tool and for every job. Plus, with zero emissions during use, it reduces your impact on the environment.

WHY CHANGE FROM PETROL TO EGO POWER+?

SUPERIOR BATTERY TECHNOLOGY

Our industry-leading 56V ARC Lithium™ batteries deliver intelligent, balanced power that outperforms petrol

LOWER RUNNING COSTS

The cost of running an EGO Power+ product for a month is around the same as using a 2 stroke product for a day*

BETTER FOR THE ENVIRONMENT

With zero emissions during use, our 56V ARC Lithium™ battery gives petrol-matching power but without the fuss and fumes

FOLD FLAT, EASY STORE DESIGN

Unlike large, heavy petrol mowers, the EGO Power+ fold-flat design makes storage, cleaning and transportation simple

BETTER FOR YOUR HEALTH

EGO Power+ tools always operate at lower noise and vibration levels than traditional petrol-powered tools

SAVE TIME

No more trips to the petrol station. EGO's rapid charger refuels our intelligent batteries in as little as 30 minutes

EASY SET-UP AND STARTING

No filling up with fuel; with EGO Power+ just click in the battery and get to work

NO PETROL TO STORE

No more dangerous fuel in storage, no more fumes, make more space available for other things

*Based on average daily use of 3 litres of post mix fuel per day.

NEW FOR 2023

OUR LATEST INNOVATIONS

The 2023 range pushes the boundaries of innovation, with an expanding ride-on mower and brand-new lifestyle categories.

Each new product has EGO's unrivalled ARC Lithium™ Technology at its core, giving you the power to tackle even bigger and tougher tasks with the same impressive run times and rapid recharge as always.

CHOOSE THE RIGHT TOOL FOR ANY TASK

EGO's range of outdoor power equipment is designed to deliver an outstanding level of performance for every outdoor job, providing the right balance of power and usability for domestic, professional and specialist users.

EGO's unique ARC Lithium™ cordless technology combines with best-in-class ergonomic design to deliver maximum power and efficiency for working outdoors.

Work smarter. Work healthier.

Any EGO battery will fit any EGO tool (see pages 8-9), so you can choose the right combination to suit your challenge:

- Range of 8 batteries and 1 backpack battery available, so you can choose the optimum power-to-weight ratio for any task.
- Belt and back harness-mounted options for lighter working.
- Backpack battery options for the most demanding jobs in all weathers.

EGO outdoor power equipment allows you to work in a cleaner, quieter and safer way. EGO delivers the power of petrol, without the emissions, noise and vibration associated with petrol-powered products - better for you and better for the environment.

The best battery power, from the cordless specialists.

PETROL-MATCHING PERFORMANCE FOR DOMESTIC GARDENS

A complete range of cordless outdoor power tools, ideal for regular domestic use.

EGO Power+ tools are designed for regular use in domestic gardens. EGO Power+ tools gives domestic users, cordless, petrol-matching power without the noise, fuss or emissions. With EGO's outstanding level of performance built-in as standard - tackle every garden maintenance task with ease.

PROFESSIONAL

HARD-WEARING TOOLS FOR LARGE GARDENS AND PROFESSIONAL USE

A range designed for heavy-duty use, perfect for large garden maintenance and landscaping professionals.

Ideal for everyday use, the EGO Power+ Professional range gives you the edge when facing tougher tasks for longer periods. This range includes additional features, designed to make light work of larger garden maintenance tasks. Whether working in a large garden or tackling commercial jobs, you can rely on EGO Power+ Professional tools to be powerful, hard-wearing and robust.

PROFESSIONAL X

SUPER-TOUGH, SUPER-POWERFUL RANGE FOR PROFESSIONAL AND SPECIALIST USE

A super-tough, super-powerful range of tools designed for garden maintenance professionals, facilities management and specialists.

The EGO Power+ Professional-X range is engineered to work harder, all day, every day, in the most challenging conditions. Ergonomic design meets unrivalled power and performance in the Professional-X range. These tools push the boundaries of battery technology, with the power and performance to surpass petrol-powered equivalents. Built to last, the Professional-X range delivers clean, quiet, safe and productive working.

MINIMAL VIBRATION, NOISE AND COST

EGO tools deliver all the power of petrol tools without the physical stresses, noise and vibration.

Choosing EGO's low-vibration cordless tools helps to avoid the risk of Hand-Arm Vibration Syndrome (HAVS). Also known as 'Vibration White Finger', it can cause painful and disabling disorders of the blood vessels, nerves and joints.

Comfortable for all day use.

With a smooth brushless motor and fewer moving parts, all EGO tools have been designed to operate with low levels of vibration, often under the 2.5m/s2 Exposure Action Value limit (EAV) and well below the Exposure Limit Value (ELV). This allows users to work comfortably all day.

Quieter working conditions.

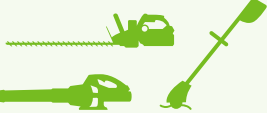

Daily exposure to noisy petrol tools can lead to increased work-related stress, hearing loss and Tinnitus – a permanent ringing sensation in the ears. EGO tools are much quieter than petrol-powered alternatives and reduce the risk of increased stress levels and potential hearing loss over long-term use.

AIR SPEED: 212km/h

FORCE: 19.2N

PETROL VS. EGO POWER+

Based on a customer purchasing three tools from the Professional-X range – the HTX7500 hedge trimmer, STX3800 line trimmer and LBX6000 leaf blower, plus the backpack harness and rapid charger to run all three tools, and petrol-powered equivalent tools and fuel.

COMFORTABLE
ALL-DAY USE

The ergonomic EGO Power+ backpack harnesses and battery holster are the most comfortable way to enjoy EGO's industry-leading power. They evenly distribute weight for an easier, more comfortable way to work.

Image shown as a kit BH1001

BH1000
BACKPACK HARNESS

The BH1000 is ideal for taking the weight of the battery from your arms. This provides greater stability and comfort especially when using our larger batteries over prolonged periods.

BHX1000
PROFESSIONAL-X BACKPACK HARNESS

The BHX1000 has been designed with the professional user in mind and when used together with the AFH1500 harness (supplied separately or as part of a kit) provides exceptional comfort for all day use. The BHX1000 is compatible with the Professional-X series and with the ADB1000 adapter can be used with other EGO tools. The AFH1500 Harness (supplied separately) is compatible with the BHX1000 and the BAX1500 Professional-X backpack battery.

ABH3000
PROFESSIONAL-X BATTERY HOLSTER,
CABLE AND ARBORIST'S STROP

The holster is designed to house the EGO battery, which is perfectly matched for use with the EGO Power+ Professional-X Top Handle Chainsaw to deliver optimal torque and power for professional arborists. The safety-strop attachment integrates with the battery cable and belt or harness to keep you and your team safe in the trees.

ADVANCED COMFORT FOR
ULTIMATE PRODUCTIVITY

Team up your EGO Power+ tools
with our backpack battery.

Balancing exceptional run time with user comfort, the ergonomic design of EGO's ARC Lithium™ BAX1500 backpack keeps you working comfortably all day long. The battery pack can be removed from the harness and is compatible with all EGO tools.

Designed to perform,
built to last.

The EGO Power+ Backpack Battery can last throughout a full day's work* from a single charge. The high-quality cells, with high power rating and high energy density, can handle over 1,000 charge cycles. Plus, rapid recharging means they can go from empty to full in just 3.5 hours.

BAX1500
PROFESSIONAL-X BACKPACK BATTERY

The EGO Power+ Professional-X backpack battery delivers the power output and run times needed for demanding jobs. All minus the noise, emissions and vibration. The BAX1500 can work through the most extreme weathers and its tough casing is designed to withstand any drops or knocks.

CHARGE 6 PORTABLE EGO BATTERIES AT THE SAME TIME

EGO's Professional Multi-Port Charging Case will charge any combination of up to six EGO portable batteries at the same time – ideal for professional users.

EGO's intelligent power management system charges batteries with the lowest level of charge first, then brings all the batteries up to full charge at the same rate. Charging 6x 10Ah batteries in as little as 3 hours in combination with the 1600W charger.

The Multi-Port Charging Case can be used directly with the EGO CHV1600E 1600W Charger or with the EGO 550W Rapid Charger (see page 113) when combined with the ACA1000 EGO Charging Adapter.

SELF-PROPELLED MODELS, AND PUSH BUTTON
START, TACKLE ANY SIZE LAWN WITH EASE.

THE POWER OF PETROL WITHOUT THE EMISSIONS

With lower running costs, zero emissions and significantly quieter than a petrol mower, the EGO Power+ mower range offers a variety of key features and cutting capacities to suit any lawn.

The self-propelled motor keeps you in control and makes light work of slopes and undulations. On a single charge, our battery gives you up to 1,900 sqm cutting area*. Automatic Variable Speed on selected models, delivers optimal cutting speed to maximise battery run time whilst maintaining grass cutting performance for different conditions.

The 3-in-1 functionality lets you drop, bag or mulch clippings (mulching kits are sold separately), while the LED headlights let you work further into the day. The efficient grass collection system, uses all available space in the collection bag, meaning less-frequent emptying. And when you're done, the easy-fold design makes cleaning and storage simple.

*Based on a 12.0Ah battery using LM1900E-SP. Cutting area can vary depending on model and battery as well as condition of grass and user operation technique.

AVAILABLE IN A RANGE
OF CUTTING WIDTHS
42, 47, 50, and 52 cm
cutting width options
to suit any size of lawn

HIGH TORQUE,
HIGH-EFFICIENCY MOTOR
For operation in all conditions

LED HEADLIGHTS
Work further into the day

QUICK RELEASE
TELESCOPIC HANDLE
For easy cleaning and
compact storage

PUSH BUTTON START
Power up in seconds

SELF-PROPELLED MOTOR
Take the strain out of
mowing sloping ground

BAG FULL INDICATOR
Lets you know when
the bag needs emptying

ADJUSTABLE
HANDLE HEIGHT
Easily adjusts to suit you,
and the job in hand

LARGE CAPACITY BAG
Collects more grass
and requires emptying
less frequently

LARGE DIAMETER
WHEELS
For easy motion on
different terrains

6-POSITION SPRING LOADED
DECK HEIGHT ADJUSTMENT
Easily set different grass
cutting heights from 20-95mm

Please note: some features are not available on all models.

FOLDS IN
SECONDS
For convenient storage
and easy cleaning

A MOWER FOR EVERY LAWN THE RIGHT TOOL FOR THE JOB

The EGO Power+ mower range showcases a variety of specifications designed to make lawn care quicker, easier and more efficient. And with model sizes ranging from 42cm to 52cm cutting width, there's an option for every task and size of lawn.

Technologically advanced in every way, each mower packs incredible petrol-matching power as standard. Thanks to our revolutionary ARC Lithium™ 56V battery system, they make minimal noise, emit zero emissions, and start up at the touch of a button.

While these benefits apply to all EGO Power+ mowers, key differences make some models better suited to specific kinds of gardens.

Check out our handy diagram to the right to identify the size of lawn you can cut on a single charge, and therefore the mowers that are suitable for you.

LITHIUM
56V

1000sqm is approximately the size of 4 tennis courts. Based on recommended battery supplied with kit.
For all battery runtimes see pages 30-31.

Choosing the RIGHT mower:

Small, tight spaces, or close to trees.

For smaller spaces and improved precision around obstacles, mowers with a smaller cutting capacity are ideal.

Our compact 42cm models LM1700E or LM1700E-SP are perfect for smaller spaces.

Bigger, open spaces.

A mower with a wider cutting capacity will help you cover more ground in fewer passes. Opting for a bigger battery will increase run time, as will variable automatic cutting speed control. For a faster cut, a larger capacity bag can collect more grass and needs emptying less often.

Try our 52cm model LM2130E-SP which makes even the biggest jobs feel small.

Sloping ground.

Using a self-propelled mower takes the strain out of pushing the mower uphill.

Our self-propelled mowers, LM1700E-SP, LM1900E-SP, LM2020E-SP and LM2130E-SP are available in different cutting capacities to suit the size of your lawn, choose a wider cutting capacity for less passes.

Additional comfort.

If comfort is a priority, poly deck models are the lightest option. Self-propelled mowers require less effort, and with an adjustable handle, you can decide on the most suitable height.

Most of our mowers are available with a poly deck (Excluding LM2020E-SP) - just choose the cutting capacity to suit the size of your lawn.

Finishes.

The EGO Rear Roller Kit is a simple and effective way of enabling your EGO mower to stripe your lawn, giving you a manicured look whilst keeping the versatility of being able to mulch and rear discharge clippings.

REAR ROLLER KITS

Just add an EGO Rear Roller Kit to enable your EGO mower to stripe your lawn (please check that a Rear Roller Kit is available for your model - see below).

AR1700 available for LM1700E, LM1700E-SP
AR1900 available for LM1900E, LM1900E-SP
AR2100 available for LM2130E-SP

Grass cutting options.

There are 3 different ways that EGO Power+ mowers deal with cut grass. Great for lawns that aren't too thick, mulching redistributes grass particles and fertilising nutrients. Drop cuttings or rear discharge (side discharge for metal deck mower) allows for quicker mowing through thick and long grass. Bag collection keeps lawns clear of any cuttings.

MULCHING KITS

The EGO Power+ Mulching Kit will allow the mower to cut and distribute fine grass cuttings back into the lawn to help retain moisture and nutrients for a healthier lawn.

ABP1700 available for LM1700E, LM1700E-SP
ABP1900 available for LM1900E, LM1900E-SP

SELECT CUTX

Interchangeable multi-blade cutting system that allows you to choose between specialist mulching blade and bagging blade, to either distribute fine cuttings into your lawn or to collect cuttings into the large collection bag.

ABP2100D-E available for LM2130E-SP

LM1700E
42CM MOWER

Perfect for precision mowing in smaller spaces and medium sized gardens with level ground. Includes a 55L collection bag.

ACCESSORIES ALSO AVAILABLE

ONLY AVAILABLE AS KIT LM1701E

CUTS UP TO 400SQM ON A SINGLE CHARGE

LM1900E-SP
47CM SELF-PROPELLED MOWER

The wider cutting width is perfect for precision mowing of medium sized gardens. Self-propelled for tackling sloping lawns with ease. Includes a 55L collection bag.

ACCESSORIES ALSO AVAILABLE

ONLY AVAILABLE AS KIT LM1903E-SP

CUTS UP TO 800SQM ON A SINGLE CHARGE

LM1700E-SP
42CM SELF-PROPELLED MOWER

Perfect for mowing in smaller spaces and medium sized gardens. Self-propelled for tackling sloping and undulating lawns with ease. Includes a 55L collection bag.

ACCESSORIES ALSO AVAILABLE

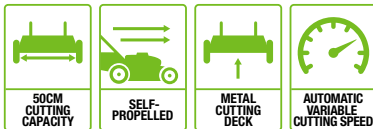

ONLY AVAILABLE AS KIT LM1702E-SP

CUTS UP TO 480SQM ON A SINGLE CHARGE

LM2020E-SP
50CM SELF-PROPELLED MOWER

The wide cutting width is perfect for precision mowing of medium and larger-sized gardens. Self-propelled with automatic variable cutting speed, ideal for large and sloping lawns. Includes a larger 60L collection bag.

ACCESSORIES ALSO AVAILABLE

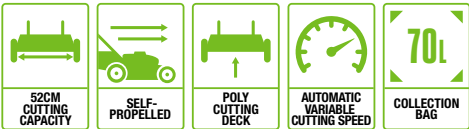

ONLY AVAILABLE AS KIT LM2021E-SP

CUTS UP TO 700SQM ON A SINGLE CHARGE

LM2130E-SP
52CM SELF-PROPELLED MOWER

The wide cutting width is perfect for precision mowing of larger gardens and wider spaces. Self-propelled with automatic variable cutting speed, ideal for large and sloping lawns. The Select Cut interchangeable multi-blade cutting system that allows you to choose between specialist mulching blade and bagging blade. Includes an extra-large 70L collection bag.

*Cutting area may vary and depend on the battery used, charge level of battery, condition of grass, and user's operation technique.

**Automatic Variable Speed delivers optimal cutting speed to maximise battery run time whilst maintaining grass cutting performance.

†Please note, mulching kits for models LM1700E, LM1700E-SP, LM1900E-SP and LM2130E-SP are available separate to purchase (ABP1700, ABP1900 and ABP2100D-E).

• - highlighted cutting area is optimal for battery.

EGO™
POWER⁺ Z6 ZERO-TURN
RIDE-ON MOWER

EGO'S Z6 RANGE DELIVERS POWER THAT GOES BEYOND THE COMPETITION. PEAK POWER™ TECHNOLOGY COMBINES THE OPTIMAL POWER OF UP TO 6X 56V EGO ARC LITHIUM™ BATTERIES FOR TRULY EXCEPTIONAL PERFORMANCE.

Z6

TRULY GROUND-BREAKING TECHNOLOGY

EGO's ride-on mower range has returned with another industry-first for 2023, introducing its first ever Z6 steering wheel model featuring new e-Steer™ Technology for advanced steering control and confidence.

Our newest Z6 model drives like a car and turns like a zero-turn simultaneously, with a precision steering wheel and the latest in digital steering technology – as well as offering the same world-first battery platform-compatibility as all EGO ride-on models.

Delivering the equivalent power of a 22-horsepower petrol engine, with none of the emissions, EGO ZTRs cover up to 2.5 acres on a single charge with six 12Ah batteries. You can tailor the combination of batteries to suit the size of your lawn and grass-cutting preferences. The fast charger fully charges 6x 10Ah batteries in as little as just 3 hours.

EGO's revolutionary e-Steer™ Technology provides the ultimate in control and precision meaning the latest Z6 model drives like a car and steers like a zero-turn ride-on mower.

TECHNOLOGY

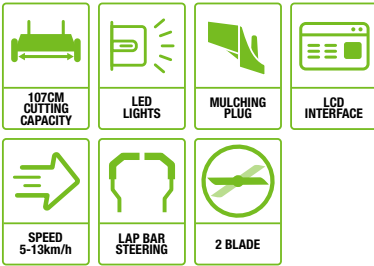

Dialling up the power for those tough tasks has never been easier.

Peak Power[™] Technology combines the power from your choice of two to six EGO 56V ARC Lithium[™] batteries to deliver the performance of a petrol mower. The convenience of universal battery compatibility means the battery can be used in any other EGO Power⁺ tool, so you can switch between tools in a matter of clicks.

ZT4200E-L
107CM Z6 ZERO TURN RIDING MOWER

Ideal for larger gardens, the Z6 handles corners with ease. Customise the ride with an LCD interface featuring 3 driving modes: Control, Standard and Sport, which can be accessed with the simple touch of a finger. Includes a hydraulic seat for added comfort.

ACCESSORIES ALSO AVAILABLE

EGO™
POWER+ CHAINSAW

BUILT FOR THE TOUGHEST JOBS. POWERED
BY OUR 56V ARC LITHIUM™ BATTERY
TECHNOLOGY, NOTHING GETS IN THEIR WAY.

BUILT FOR THE TOUGHEST TASKS

The EGO Power+ chainsaws are built to tackle even the hardest jobs. Trunks, logs, branches, nothing gets in their way.

Choose simple, safe Auto Chain Tensioning to maintain proper tension during use or opt for tool-free chain tensioning for easy set-up and adjustment. Check the lubrication level through the oil inspection window and you're ready to go.

The electronic chain brake protects against kickback while you work. And, the auto-lubrication system keeps the chain moving freely at all times.

Plus with EGO's 56V ARC Lithium™ battery delivering such an impressive run time and incredible power on a single charge, it'll keep you working cut after cut after cut.

**AUTO CHAIN
TENSIONING**

For simple chain tensioning*

**AUTO CHAIN
TENSIONING**

**SIMPLE,
SAFE CHAIN
TENSIONING**

The EGO Power+ 18 inch chainsaw with Auto Chain Tensioning is built to tackle tough jobs. With a high speed 20m/s chain speed and a powerful motor, nothing will get in its way.

All guesswork is removed when it comes to the correct chain tension thanks to an auto tensioning feature. When replacing or tensioning the chain, simply loosen the sprocket cover on the saw, re-tighten and you're ready to go.

SIMPLE ADJUSTMENT

For safe and effective chain tensioning.

Please note: some features are not available on all models.

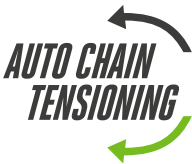

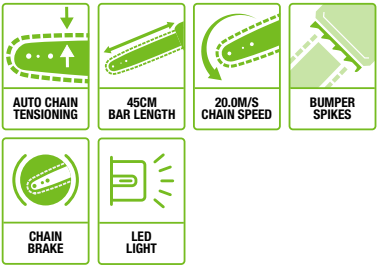

Model shown: CS1800E

*Available on selected models.

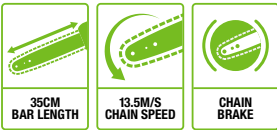

CS1800E
45CM CHAINSAW

A chain speed of 20m/s, provides all the power and torque needed to quickly cut through thick branches and larger logs up to 45cm (17.5ins) in width.

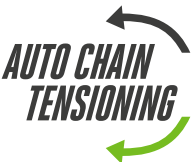

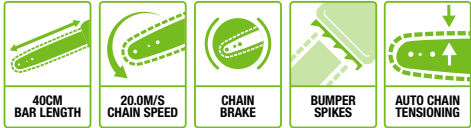

CS1400E
35CM CHAINSAW

Perfect for easily cutting through branches and medium-sized logs up to 35cm (approx. 14ins) in width.

CS1610E
40CM CHAINSAW

An outstanding combination of high torque and chain speed – perfect for easily cutting through branches and medium-sized logs up to 40cm (approx. 16ins) in width.

BCS1000
CHAINSAW BAG

Durable bag with oil tray and folding scabbard cover for safely transporting chainsaws. Separate pockets for storing accessories.

Available separately, see page 114.

EASIER, SAFER, TREE SURGERY

Created with arborist specialists in mind, EGO's Professional-X CSX300 Top Handle Chainsaw is an exceptional combination of torque and power.

With industry-leading ARC Lithium™ battery technology at its core, the Top Handle Chainsaw provides the optimum combination of power, torque, and chain speed.

Benefiting from long run-times and fast recharge, it's built to tackle tough, all-day use. The Chainsaw's unique Chain Brake Safety System stops the tool's motor if kickback occurs, reducing the risk of injury.

Additional features of Battery-Level and Oil Indicator lights alert you when you're running low, making the tool suitable for every tree-top task. With a range of chain bars from 12" to 16" available, the EGO Top Handle Chainsaw makes jobs easier, cleaner, quieter and safer.

ABH3000 BATTERY HOLSTER
BA2240T 4AH BATTERY

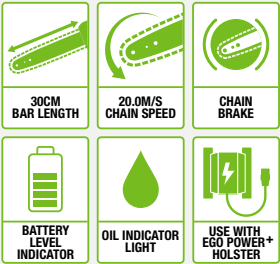

Battery holster cable integrates with the safety strap to securely attach to the belt and harness. The 4Ah battery has been designed with the optimal power-to-weight ratio for use by professional arborists.

Available separately, see pages 23 and 24.

CSX3000 PROFESSIONAL-X TOP HANDLE CHAINSAW

NEW FOR 2023

REACH NEW HEIGHTS

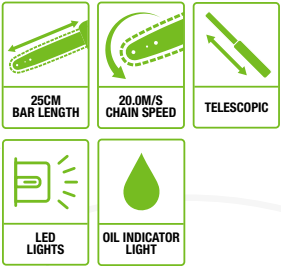

The EGO Pole Saw makes ladders and tricky tree maintenance a thing of the past.

With a 25cm bar and chain speeds of up to 20m/s, the EGO Pole Saw cuts through high branches with ease. The cutting head and shaft attach to the tool via a connector, allowing the Pole Saw to be stored compactly. Switch up the length of the tool up to 4m to reach any branch, however near or far, with the telescopic feature. The lightweight, sturdy, carbon fibre shaft and LED cutting guides aid manoeuvrability and keep cuts accurate.

PS1000E TELESCOPIC POLE SAW

Work on those hard-to-reach areas with ease. Our lightweight EGO Telescopic Pole Saw reaches lengths of 4m when fully extended and, thanks to its motor located at the head of the tool, maintains great balance and ergonomics.

EGO[™]
POWER⁺ LINE TRIMMER
& BRUSH CUTTER

THE PERFECT COMBINATION OF POWER, BALANCE
AND COMFORT. OUR LINE TRIMMERS AND
BRUSH CUTTERS CUT EVERY JOB DOWN TO SIZE.

NEW FOR 2023

ULTIMATE TRIMMING CONTROL

EGO has revolutionised its range of Power+ Line Trimmers once more, with the introduction of world-first Line IQ™ Technology to its newest model for non-stop performance.

EGO's latest innovation features auto-sensors which monitor and automatically feed the length of line so there's no bump needed. Coupled with EGO's patented Powerload™ Technology, it's designed to eliminate the usual hassle so you can focus on the job at hand.

With a range of cutting swathes and speeds, there's an EGO Line Trimmer suitable for every use, from smaller gardens to more demanding, professional jobs. Backed by powerful brushless motors and created with ease-of-use in mind, EGO Power+ Line Trimmers deliver optimum efficiency and runtime, as well as low vibration levels and adjustable shaft length for comfortable working conditions.

LINE-IQ™ TECHNOLOGY

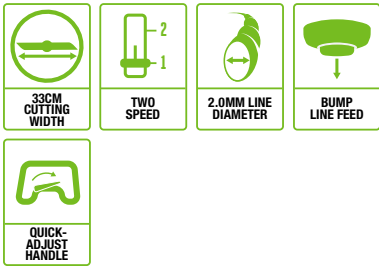

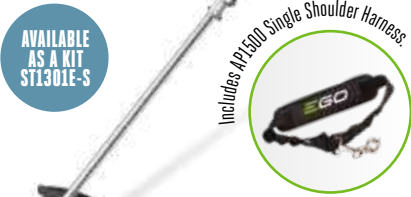

Forget frustrating line feeding issues with EGO's automatic Line IQ™ Technology. With intelligent automatic sensors, there's no need to bump the head, so you can keep trimming for non-stop performance.

ST1300E-S
33CM LINE TRIMMER

Two-speed, 33cm cutting swathe with bump head line feed and easy line replacement. Ideal for the smaller garden.

POWERLOAD[™]
TECHNOLOGY

ST1400E-ST
35CM LINE TRIMMER

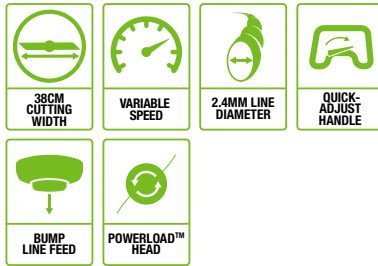

35cm cutting swathe with Powerload[™] Technology for automatic line replacement. Features a telescopic shaft for adjustment to fit any user and adjustable handle for edge-trimming of lawns.

POWERLOAD[™]
TECHNOLOGY

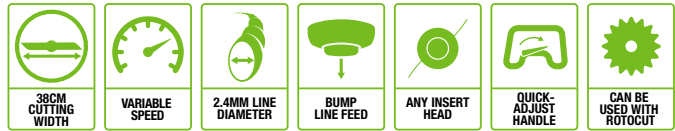

ST1510E
38CM LINE TRIMMER

Featuring Powerload[™] Technology for automatic line replacement, variable speed and large 38cm cutting swathe.

ST1530E
38CM LINE TRIMMER

Variable speed, large 38cm cutting swathe with bump head line feed and rapid reload line replacement.

POWERLOAD[™]
TECHNOLOGY

LINE-IQ[™]
TECHNOLOGY

NEW FOR 2023

ST1610E-T
40CM LINE TRIMMER

Overcome the tricky, time-consuming challenges of loading and feeding line with the industry's most innovative Line Trimmer. EGO Powerload[™] and Line IQ[™] Technologies make tackling trimming tasks the easiest they've ever been, combined with a 40cm cutting swathe and 2 pre-set speeds. The new ST1610E-T's ergonomic design and industry-first technology features make it a truly remarkable trimming tool.

AVAILABLE AS A KIT
ST1613E-T

POWERLOAD[™]
TECHNOLOGY

Solving one of the biggest frustrations of line replacement, EGO's groundbreaking Powerload[™] Technology automatically loads the line into the trimmer head. Just thread the line, press the Powerload[™] button and let the tool do the rest. Available on ST1510E, ST1400E-ST and ST1610E-T.

STEP 1
Thread the line.

STEP 2
Press the Powerload[™] button to load new line.

CUT WITH
POWER AND
PROTECTION

The EGO Professional-X Rotocut attachment cuts through grass, weeds and moss on concrete, pathways, and verges with ease.

Featuring two counter-rotating blades instead of line, Rotocut maximises run-time and reduces vibration. Most importantly, it prevents debris from being thrown, making it ideal for use in built-up areas where risk of damage or injury can be acute. With a low profile on the gear box, it can take on the most difficult-to-reach areas.

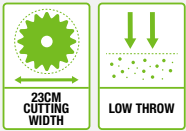

The base plate is mounted on bearings, increasing the overall life of the tool, and reducing pavement damage. The blades have been designed to ensure clean and accurate cutting performance whilst maintaining durability.

Rotocut can be used with any rear-motored tools or EGO line trimmer multi tools, making it the ultimate attachment for added precision and protection.

RTX2300
PROFESSIONAL-X ROTOCUT

Rotocut's flat design and simple attachment process means it can fit to most rear motor brush cutters and line trimmers on the market.

EFFICIENT AND POWERFUL
BRUSHLESS MOTOR
For longer running times

THE TOUGH ANSWER TO ROUGH GROUND

Perfectly balanced for comfortable use, EGO's Professional-X line trimmers / brush cutters make short work of even the roughest ground with the ready-for-anything 2KW motor.

Light yet strong, the solid steel drive shaft is housed in a carbon fibre drive tube. Unlike alloy shafts, it won't bend and lose its shape over time, keeping vibration levels to a minimum.

Can be used with Rotocut see page 101.

Includes three-sided blade.

Lines, Blades and Accessories TO SUIT EVERY JOB

EGO have a range of lines, blades and harnesses to suit any trimming or cutting job, plus a range of replacement cutting heads for all EGO Line Trimmer products.

Lines for Line Trimmers

Choose a smaller line thickness for clearing long grass and lighter vegetation, or a larger, more durable line thickness for cutting down heavier, dense vegetation. Commercial, more powerful Line Trimmers are more suitable for the heavier lines, while twisted lines are quieter during use. For simple line replacement - choose a pre-wound spool for compatible tools. See our simple guide to choosing the right line below.

Brush Cutting Blades

For cutting down heavier vegetation, bushes and verges, choose a Brush Cutting blade – available in metal and flexible plastic options, depending on how heavy the task is. The flexible Elastoblade will make lighter work of dense vegetation.

Rotocut Blades

Replacement Rotocut blades will fit the EGO Power+ Rotocut attachments, which are ideal for working through tough-to-shift growth in paths and drives, and along the base of walls and curbs.

Cutting Heads

Replacement cutting heads are available for EGO Line Trimmer machines with standard, bump-feed, Powerload™ and Line IQ™ heads.

Straps and Harnesses

A full range of replacement straps and harnesses are available for EGO Line Trimmer machines, to make tackling the job easier.

Choosing the CORRECT line or blade for the job:

EGO[™]
POWER⁺ HEDGE TRIMMER

LIGHT, YET POWERFUL, OUR NEXT GENERATION OF
CORDLESS HEDGE TRIMMERS GIVE YOU ALL THE COMFORT
AND CONTROL YOU NEED TO GET THE JOB DONE.

COMPACT WITHOUT COMPROMISE

They may be compact, but they don't compromise on power. Brought to life by a 12V Lithium-Ion battery, the EGO Power+ shrub/grass shears are ideal for everyday garden maintenance.

With two attachments included, use the shrub blade to shape and maintain smaller hedges and ornamental trees, or switch to the grass trimmer blade to tackle areas of grass that mowers can't reach.

A lightweight, ergonomic design allows for unparalleled precision in either mode, so you can get the perfect result every time.

Simple to use and easy to store, they are an essential addition to every gardener's arsenal.

BALANCED, PRECISE, POWERFUL

Engineered to deliver impressive cutting ability from a single charge, the EGO Power+ Hedge Trimmer's well-balanced design and clever features makes working outdoors easier and more comfortable.

The rotating handle and dual trigger system provide enhanced user comfort and safety. While the smooth and quiet brushless motor and gearbox gives you all the power you need, without the vibration, emissions and noise of a petrol engine.

EGO hedge trimmer blades are diamond ground and double sided for clean, precise cutting. All blades have large cutting capacities for tackling thicker hedges and are available in 51cm to 66cm lengths, to suit every size of hedge. Blade-tip protection stops damage from fences and walls.

For safer working, the safety blade guard helps prevent injuries while the electric brake stops the blades when the trigger is released.

EGO
POWER+ BLOWER

WITH EXCEPTIONAL AIRSPEEDS AND HIGH-EFFICIENCY
BRUSHLESS MOTORS, EGO POWER+ BLOWERS DELIVER
MAXIMUM AIRFLOW WITH MINIMUM EFFORT.

BLOWS PETROL-POWERED BLOWERS **OUT OF THE PARK**

Powered by a high-efficiency brushless motor, EGO Power+ blowers feature jet turbine technology and a large diameter tube to give maximum airflow.

Significantly quieter and with zero emissions, the EGO range of blowers offer a genuine alternative to petrol power.

Designed to keep you in control - from low speed, low volume airflow for those delicate areas, to high speed, high volume airflow for hard-to-shift wet leaves and objects. With more power than most handheld petrol blowers on the market, that's more than enough to clear up even the biggest windfall.

Model Shown: LB5800E

Please note: some features are not available on all models.

Compatible with EGO Power+ backpack batteries.

EGO
POWER+ MULTI-TOOL

WE'VE REDEFINED FLEXIBLE WORKING. CUT, SAW,
EDGE AND MORE. ALL WITH ONE POWER UNIT AND
ALL WITHOUT THE FUSS AND FUMES OF PETROL.

ONE TOOL, MULTIPLE OPTIONS

The EGO Power+ Multi-Tool is the outdoor power tool you can't do without. With a single power unit and a large range of high-tech attachments, you can easily tackle every garden task, from trimming grass, edging lawns, cutting hedges, sawing branches, tilling soil, to sweeping the patio. Switching between different jobs is simple thanks to the secure tool-free coupling system on every attachment. And, with our carbon fibre extension pole, even the hardest-to-reach places are no challenge for the Multi-Tool. Combined with the 56V ARC Lithium™ battery, you have all the power you need, without the noise, fuss, or emissions of petrol-power.

New for 2023.

Power up with our new, more intelligent carbon fibre Power Head. Compatible with our latest Line Trimmer attachment and all existing Multi-Tool attachments.

ONE REVOLUTIONARY POWER UNIT. SO MANY WAYS TO USE IT

01 HEDGE TRIMMERS

With a choice of standard or short pole lengths available, tackling high or low hedges is made easy. The head angle is adjustable to suit the job at hand and allows for compact storage.

06 EDGER

Give lawns a professional finish with the edger attachment. Ideal for neatening edges along paths, driveways or flowerbeds.

02 POLE SAW

Slices through tree branches fast and efficiently. Combines with the carbon fibre extension pole to reach further and cut more.

07 CULTIVATOR

The cultivator prepares soil prior to planting. Removing weeds and introducing air, it creates a loose bed, encouraging the growth of healthy plant life.

03 LINE TRIMMERS

Trim grass along fences and walls with precision. Includes our Rapid Reload head, making it easy to replace line.

08 BRISTLE BRUSH & PADDLE BROOM

The bristle brush makes short work of sweeping away moss, wet leaves and ingrained dirt, whilst the paddle broom makes it easy to clear away standing water.

04 BRUSH CUTTER

The brush cutter is built to deal with difficult undergrowth. From thick grass to tough weeds, it cuts through the toughest tasks with ease.

09 OLIVE SHAKER

Shake ripe olives off branches at approximately 2000 strokes per minute, with 10 replaceable carbon fibre fingers, a durable and market tested gearbox and integrated lubrication for simple maintenance.

05 ROTO-CUT

Cuts through grass, weeds and moss on concrete, pathways and verges with ease. Featuring two counter-rotating blades, preventing debris from being thrown.

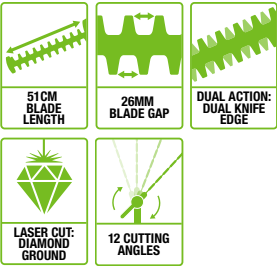

10 SNOW SHOVEL

The Snow Shovel is excellent for clearing snow quickly from patios, decks and driveways.

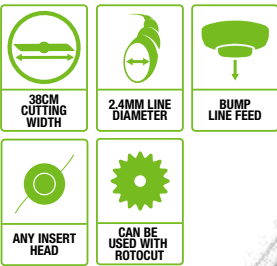

HTA2000
HEDGE TRIMMER ATTACHMENT

Laser cut, diamond ground blades and simple angle adjustment makes this trimmer as precise as it is powerful.

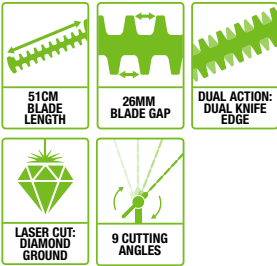

STA1500
LINE TRIMMER ATTACHMENT

This attachment is packed with features to save you time and help you work safely, quickly and efficiently.

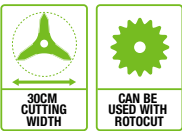

HTA2000S
SHORT HEDGE TRIMMER ATTACHMENT

With the same sharp blades and quick cutting action, this attachment makes short work of low, deep hedges.

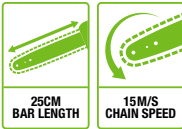

BCA1200
BRUSH CUTTER ATTACHMENT

Tough enough to take on anything, the three-sided metal blade makes short work of any overgrown area.

PSA1000
POLE SAW ATTACHMENT

25cm guide bar and chain make cutting branches fast and efficient.

EA0800
EDGER ATTACHMENT

With quick depth adjustment and handy guide, this attachment makes achieving a perfect edge easy.

CTA9500
CULTIVATOR ATTACHMENT

The easier way to prepare soil for planting, the cultivator's rotating teeth remove weeds and aerates soil.

OSA1000
OLIVE SHAKER ATTACHMENT

10 carbon fibre fingers shake and drop olives from their branches in no time at all.

BBA2100
BRISTLE BRUSH ATTACHMENT

Clear moss and wet leaves from hard surfaces easily with the new bristle brush attachment.

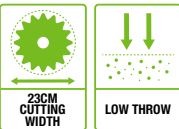

SSA1200
SNOW SHOVEL ATTACHMENT

The Snow Shovel is excellent for clearing snow quickly from patios, decks and driveways.

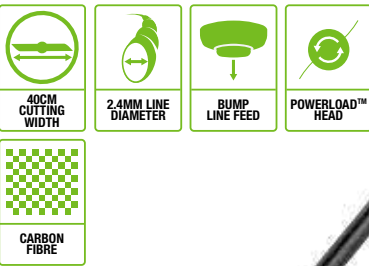

RTA2300
ROTOCUT ATTACHMENT

Cuts through grass, weeds and moss with ease. Featuring two counter rotating blades, which prevent debris from being thrown, make it ideal for use in delicate areas.

NEW FOR 2023
STA1600
LINE TRIMMER ATTACHMENT

This attachment is packed with features to save you time and help you work safely, quickly and efficiently. Powerload™ feature only compatible with PH1420E.

BE READY FOR ANYTHING WITH EGO POWER⁺ MULTI-TOOL KITS

A great value way to enjoy all the benefits of petrol-free power. EGO Power⁺ multi-tool kits combine the most popular tools you'll need, with the power and performance to get the job done.

MHCC1002E
MULTI-TOOL KIT

With everything you need to tackle all jobs above the ground, this kit includes the power head with hedge trimmer and pole saw attachments together with a 2.5Ah battery and rapid charger.

Includes:
PH1400E - Power head
HTA2000 - Hedge trimmer attachment
PSA1000 - Pole saw attachment
BA1400T - 2.5Ah battery
CH5500E - Rapid charger
AP1500 - Single-shoulder harness

MHSC2002E
MULTI-TOOL KIT

Our ultimate multi-tool kit includes the power head with line trimmer, hedge trimmer, pole saw and edger attachments, along with a 5.0Ah battery and rapid charger.

Includes:
PH1400E - Power head
STA1500 - Line trimmer attachment
HTA2000 - Hedge trimmer attachment
PSA1000 - Pole saw attachment
EA0800 - Edger attachment
ABB1203 - Brush cutter blade
BA2800T - 5.0Ah battery
CH5500E - Rapid charger
AP1500 - Single-shoulder harness

WITH SUPERIOR PORTABILITY, OUR INNOVATIVE
LIFESTYLE RANGE BRINGS INTELLIGENT
TECHNOLOGY TO THE EVERYDAY.

PORTABLE POWER WHEREVER YOU NEED IT

Compatible with any EGO ARC Lithium™ battery, the Nexus Escape provides power when and wherever you need it.

Built with a powerful 240V AC outlet and three USB ports, the Nexus Escape boasts flexible power to charge mobile phones, laptops, cameras, lights, and other electrical devices up to a maximum output of 500 Watts. Ideal for camping trips, beach visits, festivals or for use at home, the Nexus Escape is light weight and small enough to carry in a rucksack or store in a tent.

PAD1500E
150W NEXUS ESCAPE POWER INVERTER

The EGO Power+ Nexus Escape's 240V (150W) AC power outlet and 2 USB ports enable you to charge or power devices wherever you are. The light-weight design and carry handle make the device easy to transport.

NEW FOR 2023

PAD5000E
500W NEXUS ESCAPE POWER INVERTER

With three USB ports of varying type and a 240V AC power outlet, the new EGO Power+ Nexus Escape is capable of charging or powering multiple power devices up to 500 Watts. The pure Sine Wave inverter makes it suitable for use with even the most sensitive electronic devices.

*The light will illuminate at 10,000lm in ambient temperature 25° C for 1 hour and will run for 2 more hours in brightness level 5. Please note that the 1 hour run time is dependent on ambient temperature. In a cooler environment the "Boost" mode will have a longer run time, but in a hot environment the "Boost" mode will have a shorter run time.

CHANGE STARTS NOW

CHALLENGE 2025

Challenge 2025 is our commitment to educate and empower outdoor power equipment users to pick the only logical choice when purchasing new gardening equipment: battery powered. It's time to leave petrol where it belongs; in the past.

Our Challenge 2025 vision is that by 2025, battery power will become the principal power source for outdoor power equipment, leading to significant reductions in harmful emissions and noise, while increasing safety and user comfort.

Our responsibility as tech leaders.

Our expertise and world-leading technology means we have a responsibility to encourage the switch from petrol to battery power and we do this by creating tools which outperform petrol in every way.

Demand better.

Demand better from the tools you use in your garden at home.

Demand better from the groundskeeping teams that maintain the areas near your offices and schools.

Demand better from your local council managing your green spaces and parks.

We believe that tools designed to improve our surroundings shouldn't be damaging to the wider environment.

ZERO EMISSION

EGO battery power produces zero emissions and costs less to run and maintain than its petrol-powered equivalents.

Beyond challenge 2025.

We believe it's not just about making improvements to help the environment, but actively participating in its repair.

We have partnered with Eden Reforestation Projects and pledge to plant a tree for every EGO tool sold in Europe, as well as each tool registered for extended warranty. The Eden Reforestation Projects work with local communities across the globe to restore forests on a large scale to create jobs, protect ecosystems and help mitigate climate change.

Challenge 2025 is just one initiative, and we won't stop there.

Eden Reforestation Projects

For more information on Challenge 2025 and our five-year vision, visit our website challenge2025.eu.

60%

THINK POLLUTION COULD BE REDUCED IF EVERYBODY SWITCHED TO ELECTRIC GARDEN POWER TOOLS

84%

AGREE THAT EVERYBODY SHOULD HELP TO REDUCE POLLUTION

73%

OF PEOPLE ARE TAKING STEPS TO REDUCE THEIR ENVIRONMENTAL IMPACT

LOOKING TO THE FUTURE

As our cause gathers momentum, we will work closely with non-governmental organizations (NGOs) and other committed partners to petition for EU parliamentary debate. To us, the case for switching from petrol to battery power is glaringly obvious and with many regions across Europe already adopting this change, we're seeing our industry changing fast.

Together, we'll create a cleaner, quieter, safer and, most importantly, greener future.

60m 3.0mm round line [yellow] - STX3800, BCX3800

AL2416P ◆
4 x 4.0m 2.4mm twisted line [black/orange]
- ST1400E-ST, ST1510E

EGO POWER+ LINE TRIMMER HEADS

AH3800
Bump feed cutting head without
line - STX3800, BCX3800

AH3810
ANY INSERT cutting head -
ANTI-CLOCKWISE - STX3800, BCX3800,
ST1530E, BC3800E, STA1500, BCA1200

AH1520
Powerload™ cutting head for ST1510E

AH1522
Powerload™ cutting head for ST1400E-ST

AH1530
ANY INSERT cutting head -
CLOCKWISE - ST1500E-F, BC1500E-F

AH1600
Powerload™ cutting head for STA1600

AH1620
Line IQ™ cutting head for ST1610E-T

AH1531
ANY INSERT cutting head - ANTI-CLOCKWISE
- ST1530E, BC3800E, STA1500

ABT3800
Bump feed button - AH3800

ABR2300
Replacement blades (pair) -
ROTCUT RTX2300, RTA2300

EGO POWER+ BRUSH CUTTER BLADE

ABB1203
3 point brush cutter blade -
STX3800, BCX3800, ST1530E,
BC3800E, BCA1200, STA1500

ABB0903P
Elastoblade Flexible trimming blade
for - STX3800, BCX3800, ST1530E,
BC3800E, BCA1200, STA1500

EGO POWER+ HEDGE TRIMMER TIP PROTECTOR

ATP2000

Tip protector for
HTA2000, PTX5100

EGO POWER+ GRASS SHEARS

CCH0450E

12V charger for CHT2001E

CBA0240

2.0Ah 12V battery for CHT2001E

EGO POWER+ BAGS

BCS1000

Durable Chainsaw kit bag

BMH1000

Multi-tool
wheeled kit bag

CM001

Storage cover for lawnmowers

CRM001

Storage cover for Z6

EGO POWER+ CHAINSAW CHAINS

AC1201

30cm 90PX chain for CSX3000

AC1401

35cm 90PX chain for CS1400E

AC1601

40cm 90PX chain for CS1600E

AC1801

45cm 91PX chain for CS1800E

EGO POWER+ CHAINSAW BARS

AG1200

30cm guide bar for CSX3000

AG1400

35cm guide bar for CS1400E

AG1600

40cm guide bar for CS1600E

AG1800

45cm guide bar for CS1800E

EGO POWER+ Z6 ZTR RIDE-ON MOWER

AMG1000

Zero turn riding mower
on-board storage

AMS1000

Zero turn riding
mower sun shade

AMB1000

Zero turn riding mower
rear bumper bar

GUTTER CLEANING PACK

AGC1001

Gutter cleaning
pack and glasses
for LB5300E
and LB5800E

EGO POWER+ WALL HOOK

AWH1500

Wall mounted hanging frame
for CHX5500E & BAX batteries

EGO POWER+ SNOW THROWER

AKS2400D

Skid shoes (pair) - SNT2400E

ACT2400

Chute cleaning tool - SNT2400E

ADC2400

Drift cutters for SNT2400E

ARP2120

52cm Snow Blower
Rubber Paddle (PAIR)
for SN2120E-AP

ASS2120

52cm Snow Blower
Scraper Bar for SN2120E-AP

EGO POWER+ SHOULDER STRAPS

AP1500

Single-shoulder harness
with one hook - multi-tool,
LB5300E, LB5750E and
all grass trimmers
except BCX3800

EGO POWER+ HARNESSES

AP4800

Single-shoulder harness without
loop, two hook - LB4800E only

AFH1500

Frame and double-shoulder
harness with padded comfort
straps for BAX1500 and BHX1000

ACH1500

Cable routing clip for harness
BH1000, AFH1500

AP1500D

Double-shoulder harness with
guard pad for multi-tool &
all grass trimmers except BCX3800

AP1300

Replacement double-shoulder
comfort straps for BAX1300

AHP1500

Leg protector / line trimmer harness
attachment for AFH1500

AHP1300

Leg protector / line
trimmer harness
attachment for
AFH1300, BH1000

EGO POWER+ PROTECTIVE CLOTHING

GV001E

Multi-purpose synthetic work
gloves. Sizes from Small to
XX-Large available

GS001E

Essential clear safety glasses

GS002E

Essential grey safety glasses

GS003E

Essential yellow safety glasses

EGO POWER+ BATTERY STORAGE

BBOX2550

Transportation box that can
carry 5 portable batteries
of all EGO sizes. Can be
connected to BBOX3000

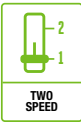

BBOX3000

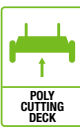

Transportation box for
BAX1500 excluding harness.
Can be connected to BBOX2550

EGO POWER⁺ MULTI-TOOL ICONS

 <div>QUICK CHANGE</div>	Switch tools quickly for each task	 <div>ADJUSTABLE CUTTING ANGLE</div>	For comfort and versatility	 <div>XXCM CUTTING BLADE</div>	Large cutting width for a fast and efficient cut
